

GIF Challenge

Directions to post GIF on Facebook:

- 1) After creating the GIF, Go to www.giphy.com. (Find the section "Directions to create a GIF if you have not created one yet.")
- 2) Click on "Upload" available on the right top.
- 3) Browse your GIF and upload it.
- 4) Once it's uploaded, a window with your GIF playing is shown. Now, go to the "Advanced" option under which you can find the "Download Link". (Only Download Link works)
- 5) Copy the Download Link to your Facebook and wait till Facebook shows the preview of your GIF. (once the preview is shown, the GIF Download link can be deleted in the description. The GIF will still be available)
- 6) For submitting the GIF, just simply add a hashtag "#GIFSensors17"

Rules:

- 1) No. of GIFs from a person is restricted to 2. Even if more than 2 are posted, only the first two GIFs will be considered.
- 2) The GIFs have to be posted in Facebook with a hashtag "#GIFSensors17"
- 3) GIFs with only animations made on a computer are not evaluated for the prizes.
- 4) Any kind of GIF maker is allowed.
- 5) Stickers and Texts available in GIF Editors are allowed as well.
- 6) The organizer has the right to ask the person to explain how his/her GIF was made, in case of any discrepancies.
- 7) Any Fake GIFs shall not be evaluated.

Judging Criteria :

The GIFs are judged according to the Creativity and technical talent delivered. The prizes shall be announced on March 12th, 2017.
