## **FAQs:**

- Can I change my presentation format from ppt to Oral presentation?  
No. A hard copy of the paper in IEEE format has to be submitted before the presentation and presentation has to be in PPT format only
- What are the requirements for my final paper?  
The concept being presented should be original and valid and a copy of the paper in IEEE format should be prepared and submitted
- What should presenters take into account?

The recommended time for presentations is 8-10 minutes. Therefore, the suggested number of slides is 15-20. Also, many participants include audio in their file, so they can explain their paper and make it more understandable.

- What happens if I need to cancel my participation?  
Your participation will not be considered and you will not receive any certificates for participation in earlier rounds also
- What happens if i submit my abstract late?  
Anything sent beyond the deadline is not considered so all the participants are expected to submit their abstracts before the deadline
- Will we be provided any rewards for participation?  
You will be given participation certificates provided your paper is selected for presenting in the event
- Do we have to have to show any videos as proofs for our paper?  
It is not compulsory to show videos for proofs but presenting such audio and visual proofs for your paper will add to extra points
- Can we change our team members once we are selected for the second round?  
No. Once you are selected you should continue with the same teammates with whom you registered.

**Note:**

- The judging panel reserves the rights to disqualify the participant team, if any of the rules given above are breached by any participant.
- The organizers reserve the right to change the rules of the event at any time and will do their best to update the contestants of the same
